THE ORIGINAL

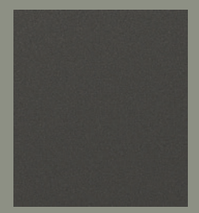

CRISTALITE®

To this day, The Original still sets the standard for impressively tough kitchen sinks. CRISTALITE® is scratch resistant and made for whatever life throws at it. With characteristic, stony feel.

Technical data

Flexible

The three additional sizes for 45 cm, 50 cm and 60 cm cabinets allow retailers to offer the right solution for any kitchen.

Purist

The minimalist edge design meets a textured drainer and creates a modern, clean look.

Spacious

The deep bowl offers plenty of space for large pots and baking trays. This makes even large cookware a pleasure to handle.

Easy to clean

Narrow drainage grooves make it easier for the water to run off.
